

## **Introduction of 2017 China Discovery International Summer School**

### **About HIT**

Founded in 1920, Harbin Institute of Technology is a nationally recognized multi-disciplinary research and teaching institution spanning three provinces—Harbin Campus (Heilongjiang), Weihai Campus (Shandong) and Shenzhen Graduate School (Guangdong). HIT is a charter member of China University Union (C9); its core strengths continue to be Scientific Research and Engineering Technology, with strong faculties in Management, Liberal Arts, Economics and Law. HIT is well on its way towards achieving the goal of being a world-class university.

### **About Program**

The Summer School International program will run from July 3 to 28 in 2017. This program offers a wide variety of English-taught courses in cultural studies, literature, economics, international relations, as well as Chinese traditional physical exercises and sports. It also provides Chinese language courses for beginners.

All courses will be held at HIT campus. Students will receive an official transcript and earn academic credits from us and many students can transfer these credits back to their home universities upon completion of the program.
